Mission statement

Promotion of equality, community cohesion, and diversity by the elimination of discrimination on the grounds of race, gender, disability, sexual orientation or religion. RCC describes itself as building an anti-racist Wales through community action, education, and systemic change since 2010.

About the organisation

Race Council Cymru is the overarching umbrella body established by ethnic minority grassroots communities in Wales to bring key organisations together to combat racial prejudice, race discrimination, harassment, victimisation, abuse and violence. Since its establishment in 2010, RCC represents and supports organisations and communities throughout Wales to effectively challenge racial inequality, prejudice and discrimination. It has absorbed the work of Black History Wales and runs the Zero Racism Wales campaign.

Who RCC works with

As a strategic umbrella body, RCC creates projects, activities and events and links grassroots Black and minority ethnic communities across Wales with strategic bodies including the Welsh Government, local authorities, the policing sector, museums in Wales, the Equality and Human Rights Commission, the UN and the Commonwealth. It is a member of the Senedd Cross-Party Group on Race Equality, the Third Sector Partnership Council, the Children in Wales Policy Forum, the Wales Alliance for Global Learning, and the Welsh Refugee Coalition. Partners and affiliates include South Wales Police, Cardiff University, Swansea University, Swansea Council and BAWSO.

Aims and how RCC delivers

- **Stakeholders Forum** — set up and facilitate a Primary Stakeholders Forum of key national organisations working towards the elimination of discrimination and inequalities and the promotion of integration, justice and equality for people from diverse minority ethnic backgrounds.

- **Promote equality** — work towards the elimination of racial discrimination and promote equality of opportunity and good race relations between people from different racial backgrounds.
- **Monitoring** — monitor the workings of the Equality Act 2010 as it relates to integration, race equality and justice, and make recommendations for its improvement.
- **Facilitate communication** — establish and facilitate channels of communication with minority ethnic and grassroots communities throughout Wales, on behalf of Primary Stakeholders, Welsh Government, local authorities and other bodies.
- **Coordinate integration** — coordinate sector-wide integration, race equality and justice responses to government (including UN and European bodies) and other authorities on policies and initiatives that impact the lives of minority ethnic communities.
- **Promote ethnic minority art, culture and heritage** — recognise and celebrate the Black and ethnic minority contribution to Wales through art, culture and heritage activities, raising awareness and challenging racism (e.g. Black History Wales 365).
- **Annual benchmarking** — operate the Race Charter Mark in Wales, an annual benchmarking exercise that ranks and publicises the best employers for Black, Asian and Minority Ethnic people in Wales.

Projects

RCC's programmes include Windrush Cymru and Windrush Compensation Support, the Ethnic Minority Veterans Support Network (EMVSN), Black History Wales 365, the National Minority Ethnic Youth Forum, and Zero Racism Wales.

How this anchors the LPA corpus

This card defines the **community context and values** of the first partner organisation: who RCC serves, the vocabulary it uses for harm (racial prejudice, discrimination, harassment, victimisation, abuse, violence), and its standing functions (monitoring the Equality Act, facilitating community communication, anti-racism campaigning). It grounds the race/ethnicity typology index in RCC's own framing of its community and mandate, and provides the legitimacy basis for community-led moderation support. It functions as a community-defined reference alongside the formal legislation, and should be read with RCC's research reports (Deconstructing Racist Narratives; Race Equality and Racism in Wales).
